

## CHRONIC CARE Appointment Instructions

We look forward to your evaluation with us here at the Riordan Clinic. We have been providing patients help and hope since 1975 and we appreciate the opportunity to provide our specialized care to you.

Due to the comprehensive nature of your initial evaluation, please plan to be with us for the better part of two days. Patients with cancer, please plan to spend the better part of three days. **It is important to arrive 30 minutes prior to your scheduled appointment.** We will record your height, weight, pulse, temperature and blood pressure.

The day of your appointment, please **come fasting if your appointment is before noon** (nothing but purified water after midnight), and **refrain from smoking or brushing your teeth.** This is necessary as laboratory tests will most likely be recommended on your appointment day. If your appointment is after 12:00 noon, you will likely return the following morning for the recommended fasting lab work.

Please go to [www.riordanclinic.org/forms/application.pdf](http://www.riordanclinic.org/forms/application.pdf) to access the **Patient Application** form. This is a very important document! Please carefully fill out the form and bring it with you to the appointment.

If you have any questions, please call us at 316-682-3100—between 8:00 a.m. and 5:00 p.m. Monday through Thursday, and between 9:00 a.m. and 4:00 p.m. on Friday.

Sincerely,

Riordan Clinic Staff

Riordan Clinic, 3100 N. Hillside, Wichita, Ks
