-IV Nutrition- Essentials	Nurse		
	TOTAL		Approximately 1 ½ - 2 Hours

The \$629 fee includes a consultation with a medical doctor who carefully listens to your medical concerns, several tests to evaluate your current health status, consultations with other members of our health care team, and lunch. The fee for a child 12 years of age and under is \$336. Credit card information will be requested at the time the appointment is made to hold your patient reservation. Payment is expected at the time of service; please plan to bring your credit card for verification. Please keep your scheduled appointment reservation. If for some reason you choose not to keep your scheduled initial evaluation, a cancellation fee of \$150 will be charged.

After your initial doctor consultation laboratory testing will likely be recommended. The Riordan Clinic laboratory testing is one of the keys to discovering possible underlying causes of your ailments. The fees for laboratory testing can be up to an additional \$2500 or more if you have multiple medical problems.

All additional fees are discussed with you prior to any service being performed so you can make an informed decision. Payment is expected at the time of service. The Clinic accepts: American Express, Discover, MasterCard, and Visa. We do not accept third party payment, nor do we extend credit. We supply you a fully itemized bill with diagnostic codes so you may submit your own claim. **Questions about your coverage should be directed to your insurance carrier. We do file select Medicare claims. For specific Medicare questions, please contact us at 316-682-3100.**

Two to three weeks after your initial evaluation we recommend a follow-up appointment that will be an additional fee. Among other things this appointment will include a review of laboratory test results. You may bring your own equipment and record this evaluation if you like.

A third appointment to review your progress will be recommended one month from your second appointment at an additional fee. Additional future appointments are recommended at intervals dependent upon your specific health condition.

We have been providing patients help and hope since 1975. Together we are embarking on a journey to discover ways to enhance your sense of well-being.

Sincerely,
Riordan Clinic Staff
